

VOICE Missions Flight Subsidy

If you come for only six months, you will need to pay \$500. USD towards the cost of your airline ticket. Because of the valuable service that you provide as a VOICE Missions volunteer HTC Foundation will pay the remaining cost of your airplane ticket IF you stay for the entirety of your agreed term. If you choose to leave early, or if VOICE Missions or your sponsor decides to send you home, you will be required to reimburse your sponsor for the cost of your ticket.

We take our mission here very seriously. As missionaries, you are ambassadors of Christ, and as volunteer teachers you are trusted with the care and protection of young children. Because of this immense responsibility, we expect all our team members to be models of good character both on their team and in their community.

Possible reasons for sending a team member home could include, but is not limited to:

1. **Bad Character:** We certainly don't expect our volunteers to be perfect, and we understand that as fallen humans, we all demonstrate bad personal character at times. But if a team member consistently demonstrates character that is opposed to the values of VOICE Missions or your sponsoring organization, we will send that person home.
2. **Breaking the law:** As a guest in Taiwan VOICE Missions volunteers are expected to obey Taiwanese law.
3. **Not fulfilling responsibilities:** You will have responsibilities both on your team and at your school. If you are consistently not fulfilling these responsibilities, you will be sent home.

If VOICE Missions and your sponsor are pleased with your work in Taiwan, you will be given the option to come back for another year. If you choose to return, HTC Foundation will reimburse your original flight payment.

Payment Details:

You will need to bring the money to Taiwan and give it to VOICE Missions or HTC Foundation staff upon arrival.

If you have any questions about flight deposits, contact us at apply@voicemissions.org
